Synopsis: Without warning or explanation, an unnamed 13-year-old girl is sent away from the family she has always thought of as hers to live with her birth family: a large, chaotic assortment of individuals whom she has never met and who seem anything but welcoming. Thus begins a new life, one of struggle, tension, and conflict, especially between the young girl and her mother. But in her relationship with Adriana and Vincenzo, two of her newly acquired siblings, she will find the strength to start again and to build a new and enduring sense of self.
